The dance at the court house Wednesday night was, like all

Holbrook dances, a grand success. A large crowd attended and everybody seemed to enjoy themselves. A supper was served by the ladies which was delicious. A disordered stomach may cause no end of trouble. When the stomach fails to perform its functions the bowels become deranged, the liver and kidneys congested, causing numerous diseases, the most fatal of which are painless and therefore the more to be dreaded. The important thing is to restore the stomach and liver to a healthy condition, and for this purpose no better preparation can be used than Chamberlain's Stomach and Liver Tablets. For sale by F. J. Watron.
